Fund Features

- Hejaz High Income Active ETF (ASX: HJHI) seeks to achieve a total return at least equal to movements in the Benchmark over a rolling 5 to 7-year timeframe through exposure to a diversified portfolio of Sharia Compliant listed companies that have historically paid of significant dividends and a market capitalisation exceeding \$2 billion.
- Hejaz High Income Active ETF generally suitable for investors seeking long term capital growth potential who are comfortable with a medium risk of market fluctuations and potential capital loss. The Fund may experience some degree of volatility in the returns in the short term however is expected to perform better compared to the market during periods of financial stress. This, in part, may be due to the Sharia overlays implemented by the Investment Manager.
- We believe that the searching for the best investment opportunities should not be limited by borders. Hejaz High Income Active ETF provides investors with exposure to both domestic and international markets. We believe that investment risks can be reduced through adequate diversification. The Fund's investment approach is to research, screen, and then select quality investments, across Australian equities and international equities.
- Hejaz High Income Active ETF applies an ethical overlay and endeavours to invest in compliance with Sharia ethical investment principles. These principles create negative screens which exclude investment assets based upon the nature of their business activities and their failure to meet financial thresholds relating to debt, liquidity, and income.
- Further information on ethical investment standards is available in the Fund's Product Disclosure Statement (PDS), which can be accessed on our website.
